

Chrome Rear Step Bumpers ... Style and Utility All in One

Ranger 1983-09

Chrome Rear Step Bumpers give your truck the ability to tow up to 300 pounds tongue weight and 3,500 pounds trailer weight.

These bumpers offer the ease of bolt-on installation, the convenience of a step and come complete with rear license plate lamps. Do not exceed truck manufacturer's recommended towing capacity. A Bumper Mounting Kit #50-0050 is required when installing these rear bumpers.

* After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00. When ordering multiple oversized parts only one Oversize Part Charge of \$20.00 will be applied to your order.

Chrome Rear Step Bumper - Diamond Tread

This traditional utility bumper features a classic embossed steel top plate on a stylish and reliable step bumper.

Chrome Rear Step Bumper - Polymer Pad

This classic style rear step bumper features a step pad to give your truck that finishing touch. Made from molded polymer, the step pad protects your truck from scratches while the grid pattern adds an excellent anti-skid surface for sure footing while loading and unloading.

Your Truck Could Be Shown Inside this Catalog !

You worked hard restoring your truck ... and now you want others to see it. Send in a glossy (color or black and white) photo of your truck to the address at the bottom of the page - Attn: Graphics Dept. Include your name, address, phone number and a note about what you've done to it. Please add any interesting stories you may have about it. Someday you might see your truck inside this catalog or on our website. Then you can show it off to family, friends and other truck owners.

Why You Should Buy from LMC TRUCK

Dear Ford Ranger Owners:

As your eyes travel this catalog, you'll benefit from: What you need to know about taking care of your truck ... how to keep your truck looking good on the inside and out ... how to improve performance ... how to keep the body of your truck in trim shape ... how to make your engine sound great.

But that's not all. Here are ten more reasons you should do business with LMC TRUCK based on the satisfied experiences of thousands of customers across the country and abroad.

- Confidence** ♦ You have the confidence you are dealing with an established company in business for over 25 years.
- Security** ♦ You are secure ordering online with the latest 128 bit encryption technology to keep your information safe using the industry standard Secure Sockets Layer "SSL". The SSL technology encrypts your credit card information to prevent it from being intercepted as it travels over the Internet.
- Trust** ♦ You can trust us. Through LMC TRUCK you can depend upon the reliability of our truck parts and accessories and the driveability they provide. They all add up to performance.
- Convenience** ♦ Direct online ordering is available 24 hours a day at www.LMCtruck.com or by fax at 1-800-541-8525 without having anyone else in the middle. If you do not have an LMC TRUCK parts catalog yet, request one of our free catalogs today. You also have the confidence you can order parts and accessories from LMC TRUCK by mail or toll-free by telephone at 1-800-LMC-TRUCK, 7 days a week.
- Prices** ♦ You will certainly like our prices ... because they are very much in line. Whether it is original equipment, replacement or reproduction parts, LMC TRUCK prices are among the lowest in the business because of our volume purchasing. By dealing with Long Motor Corporation and LMC TRUCK through internet online ordering, mail order, fax or telephone order, you will have more dollars left over to put into your truck. Indeed, the way to have fun is to be affordable! In fact, you will find that the prices at LMC TRUCK are lower than the local truck parts store. Find the "Right Part ... Right Price ... Right Now"™. Shop LMC TRUCK.
- Protection** ♦ All orders at LMC TRUCK come with a full 180 days of purchase protection, return or exchange.
- Inventory** ♦ You will like our huge inventory of parts and accessories. We stock over 30,000 pickup truck parts and accessories so that you can get the part you need for your pickup truck FAST.
- Assurance** ♦ You have the assurance of working with Long Motor Corporation and LMC TRUCK, America's largest truck parts and accessories distributor. LMC TRUCK carries the most extensive inventory of truck parts and accessories in the world. Our Customer Service department will work with you to process your truck parts and accessories order in the most efficient manner possible! You will see that LMC TRUCK has been going beyond the call of duty to help ALL of our customers since 1981.
- Credit / Debit** ♦ We accept Visa ... MasterCard ... American Express and Discover.
- Ordering** ♦ Discover the ease, safety and convenience of ordering your truck parts and accessories online at www.LMCtruck.com. A direct order line is also available to you 7 days a week ... the toll free number in all 50 United States and Canada is 1-800-LMC-TRUCK. Truck parts and accessories orders can be placed with LMC TRUCK worldwide at 1-913-541-0684.

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
47-3998	(1)	WIPER BLADE	RGR BRII 83-88 (2)	12.44	9.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 143 and 144.

Listing Explanation:

- PART:** The part number you order, i.e. #47-3998.
- ILL #:** Illustration reference number, i.e. (1) is the Wiper Blade.
- DESCRIPTION:** Name of part, i.e. Wiper Blade.
- APPLICATION:** Model and year part fits, i.e. Ranger and Bronco II 1983-88.
- REQD:** Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
- LIST:** Suggested national list price, \$12.44.
- SELL:** The low price you pay for one part, i.e. Wiper Blade is \$9.95, making your total net cost \$19.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

- T** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.
- Z** Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
- R** Remanufactured Part - No core charge.

Bronco II Key Information

- 1984:** The Bronco II was the 4x4 midsize equivalent of the full size Bronco. The same double wall construction hood, doors, roof, box sides and tailgate as the full size Ford. The Twin Traction Beam front axle, 4-speed manual transmission, and 2.8L 170 cid V6 were standard.
- 1985:** Styling was carried over, now standard full instrumentation, transfer case skid plates and a 5-speed transmission. Optional was the 2.3L 143 cid EFI 4 cylinder Diesel engine.
- 1986:** The 2.9L 179 cid EFI V6 replaced the original 2.8L 170 cid engine. A multiple of exterior colors and two-tone paint scheme were optional.
- 1987:** ABS rear wheel braking is now standard on all models. 4x2 two-wheel drive was now available. Optional electric transfer case shifting and Touch Drive were now available.
- 1988:** The XL Sports model was now available. White-lettered tires, deep-dished cast aluminum wheels, tachometer, brush/grille guard, fog lights, black front bumper and black tubular rear bumper combined to make the XL a cool off-the-road truck.
- 1989:** A completely restyled front end was similar to the F-Series design. Automatic transmission shift linkage moved to the steering column. A floor-mounted, rear seat heater was only available on the Bronco II.
- 1990:** No major changes, for this was a short production year, ending in February 1990. This made way for the longer and wider 1991 Explorer to be introduced.

Vehicle Identification Number

Explorer 1991-94

Where to Find Your Vehicle Identification Number (VIN)

Constant "A" until sequence number of 99,999 is reached, then changes to constant "B" and so on.

Explorer Key Information

- 1991:** The 1991 Explorer replaced the Bronco II as the Ford midsize SUV. The front end was similar to the Ranger STX. The vehicle came in two or four doors and was larger than the Bronco II. Trim lines included the XL, XLT and the Eddie Bauer Edition. The only engine available was the 4.0 Liter V6. The Explorer offered optional 4WD or automatic overdrive transmission. A Twin I-Beam front suspension was standard on 2WD models and the Twin Traction front axle came with 4WD models.
- 1992:** The Explorer had proven to become the best selling SUV in the U.S. giving Ford no reason to make any changes this year.
- 1993:** In 1993 a fully loaded Limited Edition was offered along with the original XL, XLT and Eddie Bauer trim levels. Four wheel ABS became standard on all Explorers.
- 1994:** With the continued success as being the most popular SUV in the U.S. there were no reasons to make any significant changes this year.

Steel Bed Panels

Ranger 1983-92

Replacement body parts are quality steel replacement parts that are made overseas. Having been shipped half way around the world by ship and then by truck, there will most likely be a few scratches or small dents; this cannot be helped and should be expected. A small amount of repair may be required. All body parts are packaged and handled with great care.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.

* After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00. When ordering multiple oversized parts only one Oversize Part Charge of \$20.00 will be applied to your order.

Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

2" Rise

50-9914-T
Single Cowl Hood

2" Rise

50-9911-T
Single Cowl Hood

- Cowl Induction Steel Hood creates Increased Airflow for Increased Performance.
- The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm under hood air.
- Muscle Car, Street Rod appearance lets people know you mean business.
- Increases engine cooling for better performance.
- Increased engine compartment space allows you additions of High Performance add-ons.

- Made from primed high-quality steel with full inner frame that reuses your original factory latch and hinges.
- Paint and bolt-on application.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.

Round Side Step Bars Available in Stainless Steel or Black Powder Coat

Round Step Bars feature built in steps designed for both beauty and practicality. The step pads are UV tested to ensure long life in hot or cold climates. Step Bars feature 3" round tubes and are completely bolt on, no drilling required.

Flexy-Flares™ ... To Cover Those Wide Tires

Flexy-Flares™ provide protection from mud, dirt, gravel and salt. They are an attractive styling addition to any truck. Flexy-Flares™ are a necessity in many states where wide tires must be covered by a fender.

Sold as Set of 4

Constructed from the finest quality EDPM synthetic rubber, they won't crack or peel in cold weather or droop in high temperatures. These heavy-duty flares use a wire insert on the outer edge for extra strength and added rigidity. The exclusive built-in curvature allows the flare to fit the fenderwell without wrinkles or buckling. Flexy-Flares™ extend your fenders 3" and come with complete hardware packs for easy installation.

Radiators

Ranger 1983-09

Bronco II 1984-90

Explorer 1991-94

Radiator Core Size: The height and width of the central part of the radiator, between the tanks and the side pieces. Consists of parallel rows of tubes and fins.

Rows: The number of rows refers to the number of parallel rows of tubes in the core.

Note: "A" For models with front torsion bar suspension.

"B" Does not fit FX4 models.

"C" For models with 2,700 lb. rear axle.

"D" Includes mounting hardware for installation.

"E" Shackle bushing is included.

"F" For models with front coil spring suspension.

Rear Suspension

Explorer 1991-94

Rear leaf springs include spring eye bushings.

Core Refund Information - Distributor: A rebuildable core will have no excessive wear. No broken, incomplete, damaged or disassembled units. No stripped, corroded, rusted or water damaged units. Original switches or modules must be included. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.
